Detection angles	120° horizontally, 60° vertically
Battery	Li-Ion 3.7V; 1500mAh
Battery life	20 hours of continuous lighting (weeks when switched on several times a night)

INSTALLATION

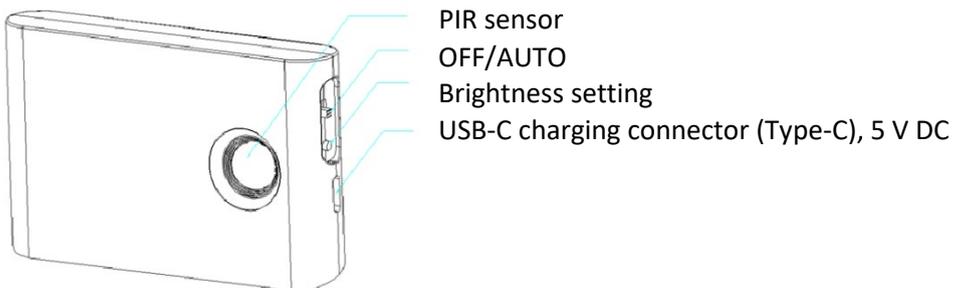

Magnetic installation

- Place the device on an iron surface and it will attach itself using a magnet

Installation using a magnetic plate

1. Remove the film from the magnetic plate
2. Stick double-sided adhesive tape to the magnetic plate
3. Stick the magnetic plate to the desired location
4. Attach the light fixture to the magnetic plate

DESCRIPTION OF THE DEVICE

WARNING

- Avoid placing the light fixture near objects that are sources of heat or moisture.
- Do not expose the light to outdoor conditions, direct rain, or submerge it in water. The light is intended for indoor use.

The light source of this luminaire is non-replaceable. At the end of its service life, the entire luminaire must be replaced and disposed of at a designated location. This product contains a light source that cannot be removed for verification due to its design, and therefore the entire product is considered a light source. The power cord cannot be replaced. If it is damaged, the device must no longer be used.
