CHARGING

- Pull up the head of the flashlight and connect the USB-C power cable.

LIGHTING MODES

- Switch modes by pressing the button on the top of the device.
- The device has an adjustable light cone (zoom), just pull up the head of the flashlight.

WARNING

- Do not attempt to charge the light in a damp or wet environment.
- Do not disassemble or repair the device, expose it to extreme temperatures or open flames.
- Once fully charged, do not leave the light connected to the mains for long periods of time, as overcharging may reduce the battery life.
- Store the light in a cool, dry place away from direct sunlight or extreme temperatures.

The light source of this lamp is not replaceable. At the end of its service life, the entire lamp must be replaced and disposed of at a designated location. This product contains a light source that cannot be removed for verification due to its design, and therefore the entire product is considered a light source. The power cord cannot be replaced. If it is damaged, the device must not be used.

The product is covered by a CE declaration of conformity in accordance with applicable regulations.
