ABOUT US

A Global Player from Switzerland

Since its launch in 2002, SKROSS® has been the undisputed leader in premium travel adapters — the true "Swiss Army Knife" for travelers.

Today, SKROSS stands as a symbol of Swiss design: innovative, versatile, safe, and reliable. Building on this reputation, we have expanded our portfolio with smart solutions tailored to the latest devices and modern travel needs.

Since joining the Cellularline Group in 2020, SKROSS has been closer than ever to the pulse of innovation — accelerating the launch of new, highly relevant products for travelers worldwide.

Global Presence & Sales Channels

SKROSS is a trusted global brand, available through leading airlines, airports, and travel hubs worldwide. Our products reach travelers everywhere — across retail, travel retail, e-commerce, and premium gifting channels.

3+ MILLION

Products sold per year

> 20

Employees and agents

> 100

Countries where our products are available

SAFE + SIMPLE + SWISS

From the very beginning, SKROSS has stood for three core values: Safe. Simple. Swiss. This is the essence of our DNA — guiding every product we design and every journey we power.

Our Vision

To be the most innovative brand, delivering smart power solutions and distinctive travel accessories that make every journey easier.

SKROSS®

SWISS QUALITY

Why Choose SKROSS Products

Genuine - Backed by multiple design and function patents, our products stand for true originality and Swiss innovation.

Unique - We deliver the perfect blend of safety and distinctive design.

Reliable - Renowned companies across industries trust SKROSS® by selling our products under their own brands.

Safety First

Every SKROSS travel adapter meets the strict standards of the International Electrotechnical Commission (IEC) and is certified by leading independent testing laboratories, including Electrosuisse, TÜV, and others.

Design & Engineering

With product design and engineering made in Switzerland, SKROSS® products are manufactured in close collaboration with a longtime Swiss partner in Thailand, as well as trusted production partners in China. All products comply with international safety regulations and embody the highest standards of Swiss quality workmanship.

ESG – Environmental Social Governance

At SKROSS, sustainability and responsibility are at the core of how we do business. Since 2015, we have been a member of amfori BSCI, ensuring ethical working and social standards across our supply chain. All products are produced in ISO-certified and amfori-audited facilities, including our longtime Swiss partner in Thailand.

To reduce our ecological footprint, we have cut plastic from packaging to a strict minimum, relocated our warehouse from Austria to Hamburg to reduce transport emissions, and in 2022 moved into a modern, energy-efficient office in Widnau, Switzerland.

Since 2022, SKROSS® has partnered with myclimate to measure and offset our CO₂ emissions. This includes travel, commuting, and office energy use, with compensation invested in international climate protection projects.

SAFE + SIMPLE + SWISS

Global Compatibility

Power your devices in more than 220 destinations worldwide (depending on model).

Highest Safety Standards

Integrated fuse protects against overloads and short circuits (applicable for certain products)
Robust construction with childproof locks.

Versatile Use

Suitable for 2 & 3-pole devices (depending on model). Suitable for smartphones, laptops, cameras and other travel electronics.

Travel-Optimized Design

Compact & lightweight, ideal for traveling.
High-quality materials for a long service life.

Certified Quality

Complies with international safety standards (e.g. IEC, CE, RoHS, REACH). Developed in Switzerland with a focus on durability and reliability.

Why SKROSS®?

For frequent travelers and remote workers, staying powered up is a challenge. Different sockets, dead batteries, and multiple adapters cause hassle. SKROSS offers universal compatibility in 150+ countries, fast, safe charging, and premium Swiss quality. It eliminates bulky chargers, letting travelers pack light without sacrificing reliability.

Swiss Innovation

Rooted in Swiss heritage, SKROSS stands for safety, reliability, and innovation at the highest level. Every product is developed to meet strict Swiss standards, with uncompromising attention to precision, quality, and detail. Guided by a spirit of Swiss innovation and a passion for seamless global mobility, SKROSS empowers travelers to stay connected and comfortable anywhere in the world.

TECH FOR TRAVELLERS

Keeping You Connected

Wherever you travel, SKROSS keeps you connected. Our adapters made it possible to plug in anywhere in the world – but we knew that wasn't enough. Travellers don't just need access to power, they need the right tools to keep their devices alive, efficient, and ready at all times. That's why our Tech for Travellers range has become a trusted companion on countless journeys.

Chargers, powerbanks and cables from SKROSS are designed with the same Swiss values as our adapters: reliable, precise, and built to perform across the globe. Each product is created to make travelling simpler – whether it's fast-charging your phone before boarding, keeping your laptop alive during a layover, or ensuring your devices are synced and ready when you land. With clean, timeless design and robust functionality, SKROSS Tech for Travellers is more than an accessory – it's your guarantee that you'll never miss a moment, a call, or a connection, wherever life takes you.

SKROSS®

TRAVEL ACCESSORIES

Why Travel Accessories?

Have you ever wondered why SKROSS ventured beyond adapters into travel accessories? The answer is simple: traveling should be as comfortable and seamless as possible.

Inspired by Swiss heritage, such as the iconic Swiss Army blanket — a timeless symbol of authenticity and practicality — our designers set out to translate this spirit into modern travel essentials. The result: a range of smart, stylish, and functional products that make every journey easier.

From eye masks and pillows to luggage accessories and beyond, each item combines comfort, versatility, and Swiss design. Just like our adapters, SKROSS travel accessories are made to simplify life on the go — so you can focus on the adventure, not the hassle.
